PROFILE

Junior FullStack Developer (React · .NET · Node.js) with hands-on development experience at Mercanza and training in DAM and DAW. Previously worked for 1 year as a SAP HCM/SuccessFactors consultant. I bring analytical and business communication skills uncommon in a junior profile.

PROJECTS

MZ-Asistencial — .NET 10 · React · SQL Server

- Contributed to the real-world development of an enterprise app migrating a legacy Visual Basic system to a modern stack, for a client in the occupational health sector
- Delivered the Centros Propios module (CRUD with role-based access control), Conciertos (soft-delete logic and auditing with complex joins), and a Dashboard (data visualization with interactive charts)

GoFight — React Native · Node.js · PostgreSQL · Prisma ORM · github.com/agustinlinares/GoFight

- Boxing training tracking mobile app, developed in a 3-person team as the DAM final project
- Built the Node.js backend with a client-server architecture and Prisma ORM over PostgreSQL, including a streaks-and-points gamification system

Odoo_Gestion_Manual — Odoo · Technical documentation · odoo-manuales.netlify.app

- I Wrote a complete technical manual on configuring and using Odoo for business process management

PROFESSIONAL EXPERIENCE

Mercanza — Multiplatform FullStack Developer

Mar. 2026 – Jun. 2026 · 4 months · Remote · Leganés (Madrid)

- Built REST endpoints in .NET 10 using ASP.NET Core and Entity Framework Core
- Developed frontend modules in React featuring interactive grids (DevExtreme) and geolocation with an interactive map
- Designed an audit/log system and soft-delete logic with traceability, and resolved complex EF Core migrations

NTT Data — Trainee → Junior Consultant, SAP SuccessFactors / SAP HCM

May 2021 – Mar. 2022 · 11 months · Remote · Sevilla

- Managed and oversaw SAP S/4HANA according to strategic objectives and clients' functional specifications
- Collaborated with ABAP developers on the product's functional design
- Maintained Expense Reports (SAP Concur) for clients such as Repsol and Estrella Galicia, and configured SAP SuccessFactors modules
