PROFILE

Junior FullStack Developer (React · .NET · Node.js) with real development experience at Mercanza and DAM vocational training. Previously spent 3 years as a SAP HCM/SuccessFactors consultant — I bring analytical and business-facing communication skills uncommon in a junior profile.

PROJECTS

MZ-Asistencial — .NET 10 · React · SQL Server

- Took part in the real development of a business app migrating a legacy Visual Basic system to a modern stack, for an occupational-health sector client
- Delivered the Centros Propios (CRUD with profile-based access control), Conciertos (soft-delete and auditing with complex joins) and Dashboard (interactive data visualization) modules

GoFight — React Native · Node.js · PostgreSQL · Prisma ORM · github.com/agustinlinares/GoFight

- Boxing training-tracking mobile app, built as a 3-person team for my DAM final project
- Built the Node.js backend with a client-server architecture and Prisma ORM over PostgreSQL, including a streaks-and-points gamification system

Odoo_Gestion_Manual — Odoo · Technical documentation · odoo-manuales.netlify.app

- Wrote a complete technical manual for Odoo configuration and use in business-process administration

EXPERIENCE

Mercanza — FullStack Multiplatform Developer

Mar 2026 — Jun 2026 · 4 months · Remote · Leganés (Madrid)

- Built REST endpoints in .NET 10 with ASP.NET Core and Entity Framework Core
- Developed React frontend modules with interactive DevExtreme grids and interactive-map geolocation
- Designed an audit/log system and soft-delete logic with full traceability, and resolved complex EF Core migrations

NTT Data — Trainee → Junior Consultant, SAP SuccessFactors / SAP HCM

May 2021 — Mar 2022 · 11 months · Remote · Seville

- Managed and oversaw SAP S/4 HANA per clients' strategic goals and functional specifications
- Collaborated with ABAP developers on the product's functional design
- Maintained expense reports (SAP Concur) for clients including Repsol and Estrella Galicia, and configured SAP SuccessFactors modules
